

Q/A Session

Performance : Amount of compute resource

Tabular : XGBoost
CPU

CY Models : 1 GPU RTX 4080 RTX 3070 Apple M3 CPU+GPU

A6000 A5000 → training

Language Models (Transformers) { BERT → A6000, A5000
GPT ; GPT2 → A6000

GPT3+ → Training Fine tuning } A100

Diffusion: Gen Image : multiple A100 ; H100 Training multiple A100

At inference : MLDPs → CPU is good : GPU RTX 4080
